DECLARATION OF INTENT BY ALHAJI IDDRISU SULEMANA (PROFESSOR KALAMONIA) SAVANNAH REGIONAL NPP CHAIRMANSHIP

Dear Delegates and Patriots of the Savannah Region, I am seeking your mandate once again to retain me as your Regional Chairman. We started a journey together and need to complete it together. I promised you dedicated and unwavering leadership and delivered on that. I promised you a listening ear and delivered on that. I promised to be with you in sorrow and despair and delivered on that. I promised you jobs and delivered on that. This time around, I am coming to you with an agenda of One NPP, Total Victory in 2028, which is anchored on four (4) Pillars: Unity of purpose, Efficient Service, Empowerment and Victory.

UNITY

Unity is the glue that keeps a purposeful group together, ensuring that it focuses on its target in the face of daunting challenges. A house divided against itself they say cannot stand! Therefore, the unity of our party will be my core focus under my renewed leadership. It is only when we hold ourselves together that we can pursue the agenda of winning more souls for our party. As you know, I have always opened my doors to the old, young, women, youth, and all interest groups. I will continue to run an all-inclusive Regional Executive body that listens to every constituency and every patriot across the region.

SERVICE

Leadership is service and not status! I am not a chairman just by name but of the grassroots! I have been in your communities, at your social events, in your polling stations, and on the campaign trail with you. I pledge a 24/7 accessibility chairmanship to you as always! That is, a functional regional party that responds to you, as your issues are mine!

EMPOWERMENT

My next administration will continue to empower the base of the party to ensure we are well energized for victory in 2028. We will invest in our Polling Station Executives, Electoral Area Executives, Constituency Executives, Party Communicators, the Women, Youth and Nasara wings which are the engine of our party. We will embark on capacity building, logistical support and welfare interventions for our executives, party

communicators and all other party stakeholders to ensure we carry everybody along the trail. This is necessary because your empowerment is the party's empowerment!

VICTORY 2028

Dear Delegates and Patriots, I want to assure you total victory in 2028! It is the case that we lost two of the three Seats that we won in 2020 in the last general elections. The “the Downfall of a Man is not the End of his Life”! I want to assure you that under my leadership, the wins will be bigger in 2028! We are not just going to win more Parliamentary seats in our region, but an overwhelming Presidential votes for the NPP and Alhaji Dr. MAHAMADU BAWUMIA. That is my pledge!

We will deploy a data-driven campaign, effective and efficient resource mobilization, and keep a united front to ensure that we retain the Damongo seat, win back the lost seats and annex fresh ones. With dedicated and unwavering leadership, unity of purpose, effective and efficient service delivery and empowerment, I assure you victory in 2028 under my leadership!

Dear Delegates, Dear Patriots, experience matters, results matter, and loyalty matters! Alhaji Iddrisu Sulemana a.k.a Professor Kalamonia, has the experience, track record and vision to propel our party to greater heights in our region. Let's secure the future, let's deliver victory, let's retain Professor Kalamonia as Savannah Regional NPP Chairman! Retain What Works!

VOTE ALHAJI IDRISU SULEMANA (PROFESSOR KALAMONIA) AS SAVANNAH REGIONAL NPP CHAIRMAN.

SAVANNAH DESERVES CONTINUITY! SAVANNAH DESERVES KALAMONIA.

LONG LIVE PROFESSOR KALAMONIA!

LONG LIVE NPP!
